

Adding SFN-TV NOW to your Roku Devices

As of 02/22/2022 the SFN TV Now App can be found in the Roku streaming channels section, accessible directly from your device. To add SFN to your device please follow these steps:

Press **Home**  on your Roku remote

Scroll and select **Streaming Channels** to open the Channel Store

At the top of the Channel Store is a list of featured, new and popular categories to explore. You can enter a keyword in **Search Channels** to find choices based on the title of a channel. This is where we will search for SFN

- In the search section, type in SFN and you should see SFN TV Now show in the list of results.
- Select SFN
- Select Add Channel

This will add the SFN App to your Roku device and you should be able to access the app and login with your credentials.

Congratulations! You have successfully added SFN-TV NOW to your Roku devices!
