

## Creating a Roku Account

In order to access SFN-TV NOW provided by Amplex on a Roku device (recommended), you will need to create a Roku account.

- On your computer, tablet, or mobile device, head to <https://my.roku.com/signup>

A screenshot of the Roku account creation sign-up form. The form includes fields for 'First name', 'Last name', 'Email', and 'Password'. Below these are dropdown menus for 'Country' and 'Gender'. There are also checkboxes for 'I have read and agree to the Terms and Conditions & Privacy Policy' and 'I agree to the Roku account creation, Roku Terms of Service, and Customer Service policies. I am 18 years old or older.' A 'Sign up' button is at the bottom.

- Fill in the page with your information, making sure to keep track of the email you use, and your password.
- On the next screen, choose whether or not you would like to add a PIN number to your Roku account. It is recommended (but not required) to add a pin to the account to prevent unauthorized purchases.

It asks 'Setting a Personal Identification Number (PIN) empowers you to control when others make changes to your Roku device.' There are three radio button options: 'I require a PIN to make purchases and to activate from the Channel Store', 'I do not require a PIN to make purchases', and 'I do not require a PIN to make purchases or add my item from the Channel Store'. A 'Continue' button is at the bottom.

4. On the next screen you will be required to enter payment information from either a card or using PayPal. This WILL NOT charge your account. This is simply adding the payment should you wish to purchase something from the Roku channel store at a later date.

5. Once complete, you will be presented with the 'My Account' screen where you can make any changes to your account.]

**Do not call into any Roku support numbers not found on the official [www.roku.com](http://www.roku.com) website. Roku will not ask for any credit cards or payments over the phone.**
