

## Creating a Roku Account

In order to access SFN-TV NOW provided by Amplex on a Roku device (recommended), you will need to create a Roku account.

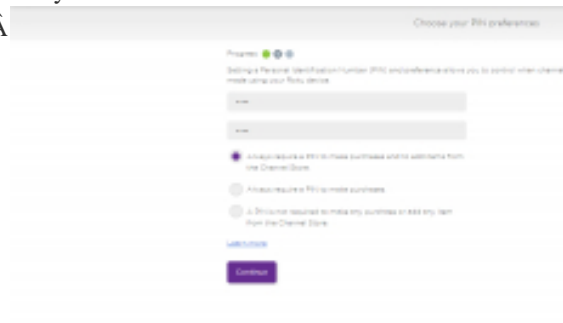

- On your computer, tablet, or mobile device, head to <https://my.roku.com/signup>

The screenshot shows the 'Create your Roku account' form. It includes fields for 'First name', 'Last name', 'Email', and 'Password'. There are also dropdown menus for 'Country' and 'Gender'. A checkbox is checked for 'I agree to the Roku Terms and Conditions & Privacy Policy'. A 'Sign up' button is at the bottom.

]

- Fill in the page with your information, making sure to keep track of the email you use, and your password.
- On the next screen, choose whether or not you would like to add a PIN number to your Roku account. It is recommended (but not required) to add a pin to the account to prevent unauthorized purchases.

The screenshot shows the 'Choose your PIN preference' screen. It has three radio button options: 'Add a PIN to make purchases and to activate from the Channel Store' (selected), 'Add a PIN to make purchases', and 'Do not add a PIN to make purchases or add my PIN from the Channel Store'. A 'Continue' button is at the bottom.

4. On the next screen you will be required to enter payment information from either a card or using PayPal. This WILL NOT charge your account. This is simply adding the payment should you wish to purchase something from the Roku channel store at a later date.

The screenshot shows the 'Provide payment information' screen. It has a 'Payment method' section with radio buttons for 'Credit or debit card' (selected) and 'PayPal'. There are fields for 'Card number', 'Expiration date', and 'Cardholder name'. A 'Continue' button is at the bottom.

5. Once complete, you will be presented with the 'My Account' screen where you can make any changes to your account.]

**Do not call into any Roku support numbers not found on the official [www.roku.com](http://www.roku.com) website. Roku will not ask for any credit cards or payments over the phone.**

Congratulations! You've finished creating your Roku account! To see how to add SFN-TV NOW to your Roku account,
