

Creating a Roku Account

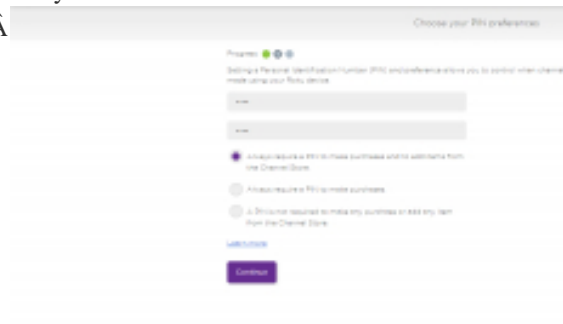

In order to access SFN-TV NOW provided by Amplex on a Roku device (recommended), you will need to create a Roku account.

- On your computer, tablet, or mobile device, head to <https://my.roku.com/signup>

]

- Fill in the page with your information, making sure to keep track of the email you use, and your password.
- On the next screen, choose whether or not you would like to add a PIN number to your Roku account. It is recommended (but not required) to add a pin to the account to prevent unauthorized purchases.

4. On the next screen you will be required to enter payment information from either a card or using PayPal. This WILL NOT charge your account. This is simply adding the payment should you wish to purchase something from the Roku channel store at a later date.

5. Once complete, you will be presented with the 'My Account' screen where you can make any changes to your account.]

Do not call into any Roku support numbers not found on the official www.roku.com website. Roku will not ask for any credit cards or payments over the phone.

^ ^ ^ ^ Congratulations! You've finished creating your Roku account! To see how to add SFN-TV NOW to your Roku account,
